

Guidelines for Ordering CT Lung Cancer Screening and Follow-Up Exams

Qualified patients must satisfy the criteria listed below. All information must be documented on your referral or a RIMI representative will contact you for a new order. Insurance companies have varying criteria on eligible patients. Please refer to the following page for a complete breakdown. Contact our RIMI Authorization Department at 401-427-7820 or Lung Screening Coordinators at 401-654-6026 with questions. Information is subject to change without notice.

- Patients are age appropriate according to each insurance company (see page 2).
- Patients are current smokers or have quit smoking within the last 15 years. If former smoker, indicate the exact number of years since they quit.
- Patients have a tobacco smoking history (pack-years) in accordance with each insurance company's criteria. The actual pack-years must be documented on your referral. "Greater than 20 or 30 years" is not sufficient.
