

RHODE ISLAND MEDICAL IMAGING

Bowel Cleansing Prep For Incomplete Colonoscopy

This prep is for patients who have already completed the 24 hour colonoscopy prep and are being scheduled at RIMI for a same-day (or next-day) CT colonography.

Same-Day CT Colonography Prep:

Drink an entire bottle of Gastroview* (30 mL) mixed with 8 oz of water two hours prior to your scheduled exam time.

Next-Day CT Colonography Prep:

If colonography is being scheduled for the next day, please continue a liquid diet. Drink an entire bottle of Gastroview* (30 mL) mixed with 8 oz of water two hours prior to your scheduled exam time.

****Gastroview and Gastrografin are interchangeable medications (we carry varying brands).***
